# 4th NEWSLETTER

# TRANSFORM

December 2025

## About the Project

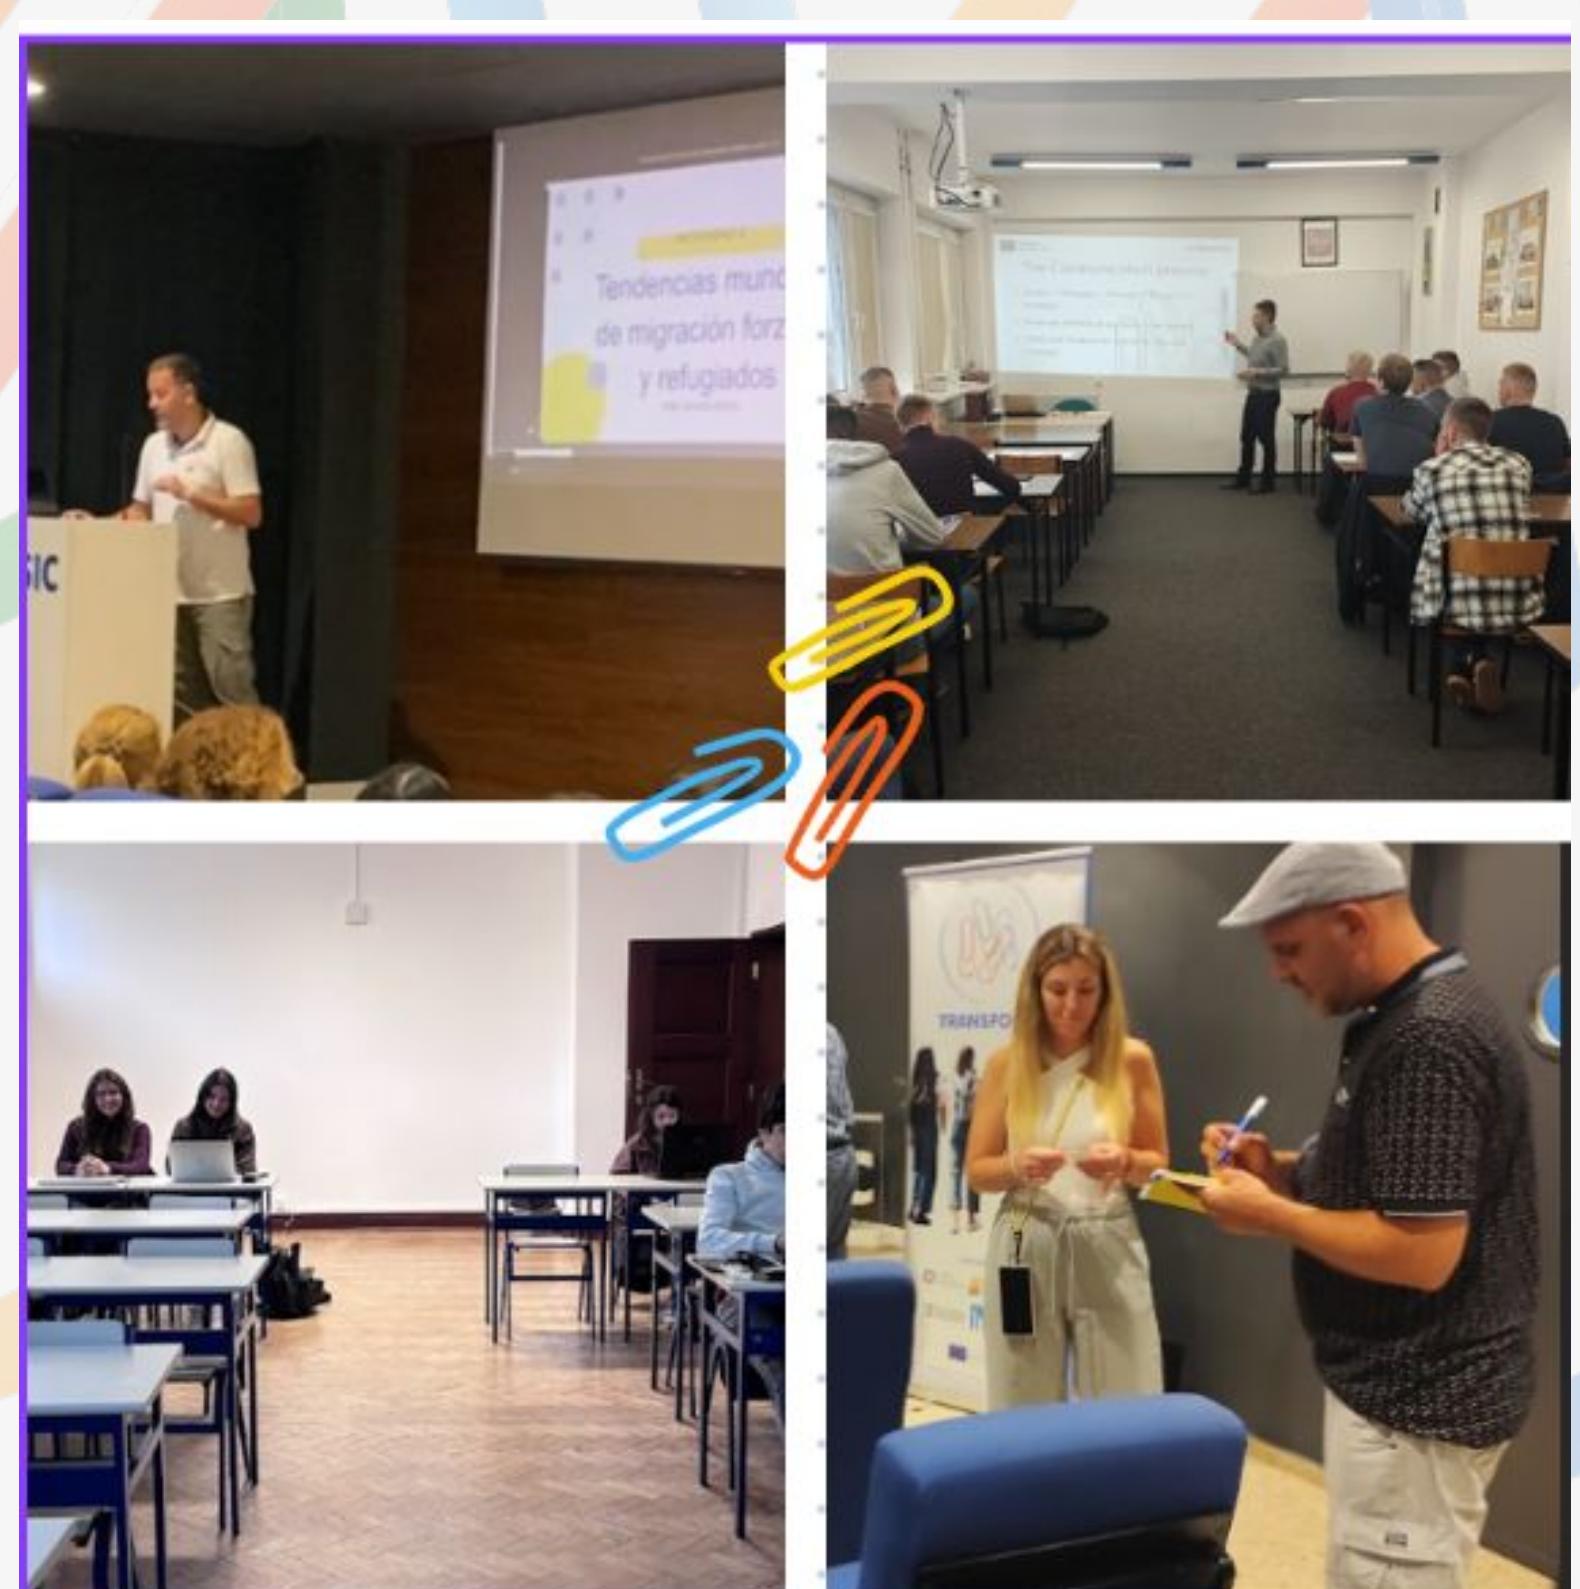

Co-funded by the European Union, the overall objective of the Transform project is to support educational centers across Europe to become places of inclusivity through the development of new pedagogic materials and innovative approaches to teaching and learning.

This project supports the promotion of inclusion and diversity in all fields of education, training, youth and sports.

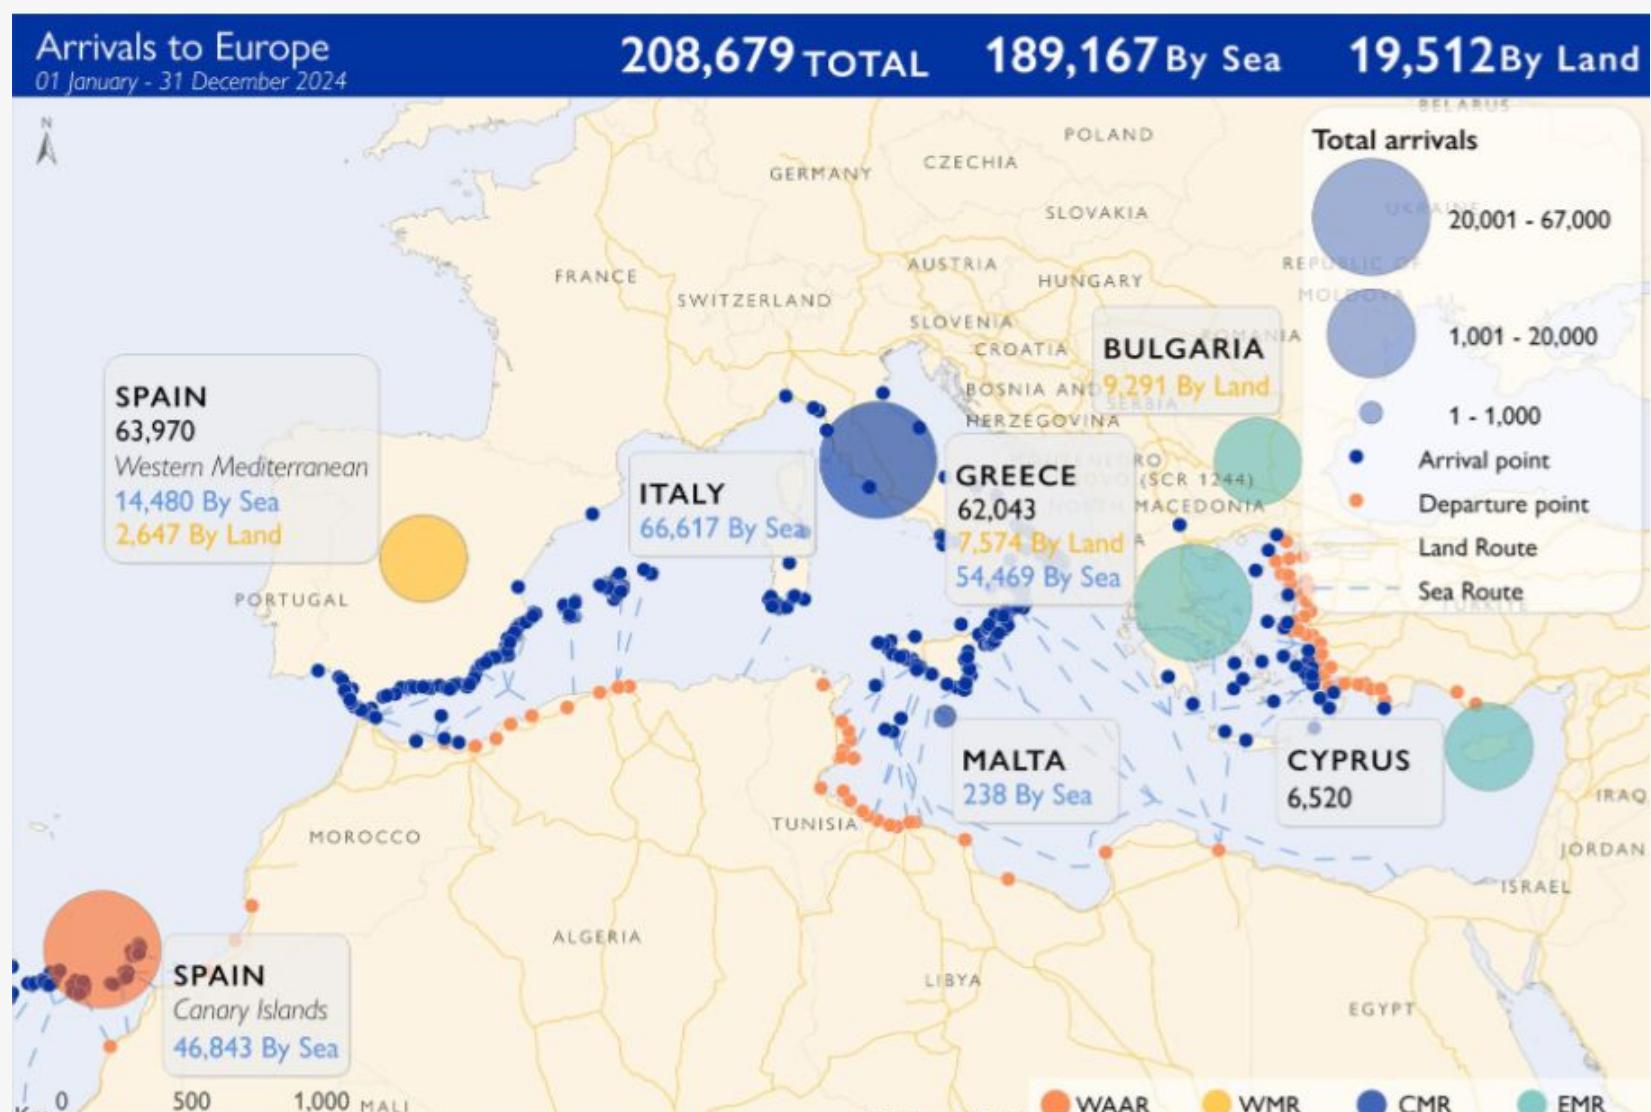

## Piloting New Material

Over the past two months, the project partners have been busy creating and piloting a course on Introducing Inclusion and Integration. This course is aimed at promoting inclusion, diversity, and learning opportunities for students in VET. To ensure that the content meets the needs of learners and practitioners across Europe, each partner organised a two-day training and activity workshop to test and refine the course modules.

Co-funded by  
the European Union

Topics such as Understanding Inclusion and Integration, Forced Migration and Refugees, Addressing Prejudice in Vocational Settings, Effective Communication in Diverse Environments, Professional Integration, Community Building, and Advocacy and Recognition were explored throughout these engaging sessions.

The discussions led to many valuable insights, and participants left motivated and eager to continue their learning journey.

If you'd like to keep learning with us, stay tuned for our next steps!

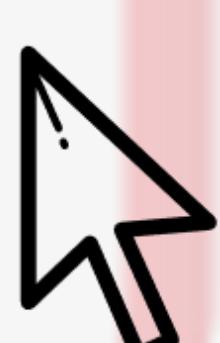

## Keep Up To Date With the Transform Project!

As the project progresses, we will have some exciting and innovative results to share.
