

Co-funded by  
the European Union

## 5th NEWSLETTER

# TRANSFORM

June 2026

## About the Project

Co-funded by the European Union, the overall objective of the Transform project is to support educational centers across Europe to become places of inclusivity through the development of new pedagogic materials and innovative approaches to teaching and learning.

This project supports the promotion of inclusion and diversity in all fields of education, training, youth and sports.

## Sharing TRANSFORM's Results

One of the most important final activities of the project has been the organisation of the Multiplier Events in the partner countries. These events brought TRANSFORM closer to the professionals and organisations it was designed to support.

The events presented the main TRANSFORM results and the feedback collected was highly positive. Participants valued the practical nature of the materials, the opportunity to exchange experiences with professionals from different sectors and the relevance of the project for multicultural, diverse and changing classrooms.

## The FINAL presentational meeting in Valencia

The final Transnational Project Meeting took place in Valencia and brought together the TRANSFORM partners for one last in-person working session. The meeting focused on the closing stage of the project and the partners also had the opportunity to visit a local vocational education institute with a highly multicultural student community.

The centre presented some of its European projects, explained how international cooperation is part of its educational approach and its experience in activities linked to the global economy, including initiatives connected with countries such as Greenland.

The visit gave partners a concrete example of how VET centres are responding to diversity, inclusion and global learning in practice, and connected the project's work with a real educational environment.

## Keep Up To Date With the Transform Project!

The project may be reaching its formal end, but its resources, partnerships and lessons will continue to support educators who believe that every learner deserves the opportunity to participate, progress and be recognised!
